

- Training for “Lime Slaking” held at three villages of Mirpur Khas.
- The advantages and necessary precautions in handling Lime were explained.
- Many other women present were interested in attending trainings for Chuhla, Platforms and Lime Slaking.
- After attending the training the locals understood the importance of using Lime in construction in order to be safe from future disasters.
- Demonstration was lead by Rozina from Village Moak Sharif and HF's Trained Artisans.
- Naheem Shah and Sumaira conducted the training on CBDRM Modules.
